**State of Connecticut Department of Public Health**  
**Demolition / Notification Form / Asbestos Program**  
***National Emission Standards for Hazardous Air Pollutants (NESHAP)***

The asbestos NESHAP is a U.S. Environmental Protection Agency (EPA) regulation enforced by the Connecticut Department of Public Health.

In general, the provisions of the regulation apply to facilities including any institutional, commercial, public industrial, residential structures or buildings containing condominiums or individual dwelling units operated as a residential cooperative, with greater than four (4) dwelling units. The asbestos NESHAP also applies to residential facilities with four (4) or fewer dwelling units which will be renovated or demolished as part of an urban renewal project or highway project.

In accordance with the asbestos NESHAP:

The owner or operator of a demolition or renovation activity is required to conduct a thorough inspection of the facility or part of the facility where the demolition or renovation operation will occur for the presence of asbestos.

This inspection is to be conducted prior to commencement of the demolition or renovation activity.

The inspection is to be conducted by an inspector or management planner licensed by the DPH (State requirement).

- Inspections performed must be by licensed asbestos abatement contractor.
- Owner must send in demolition notification form with \$50.00 fee for every demolition.
- Single family dwellings being demolished where a new single family dwelling will be built in its place no inspection required.
- Single family dwelling being demolished where there will be a multi-family or commercial structure put in its place requires inspection.
- Two family dwellings, store fronts or commercial buildings all require inspections.

DEMOLITION NOTIFICATION FORM

FOR STATE USE ONLY
Postmark Date
Check #
Transmittal No.
Amount Paid
Record No.

This form is to be completed and postmarked or hand delivered to the Connecticut Department of Public Health at least ten (10) days prior to the start of demolition as required by the Regulations of Connecticut State Agencies (RCSA), Section 19a-332a-3. Each demolition notification must be accompanied by a fee of FIFTY (\$50) dollars. A check in that amount made payable to "Treasurer, State of Connecticut" must be submitted with the notification form. In case of emergency notifications, this form is to be completed and postmarked or hand delivered within one (1) working day following the start of demolition. A copy of the written order requiring demolition prepared by a state or local building official shall accompany each emergency demolition notification. Faxed originals are not acceptable. Revisions to the original notification form may be faxed. Further instructions are found on back of this form.

The submission of the **Notification of Demolition Form** is not required provided that an **Asbestos Abatement Notification Form** was previously submitted to the Department of Public Health involving abatement related to the demolition of the facility. In that case, the **Asbestos Abatement Notification Form** submitted to the agency satisfied the notification requirement for demolition of the facility. In all cases of demolition, one and only one form (**Notification of Demolition Form** or **Asbestos Abatement Notification Form**, as applicable) shall be sufficient to satisfy the Department of Public Health notification requirements detailed in Section 19a-332a-3 of the RCSA.
